Report of School Board.

The School Board would submit the following report for the year ending February 15, 1900 :

EAST SCHOOL.—This school has been taught during the year and for two years past by Miss Mabelle L. Wadleigh, of this town. She has maintained her previous reputation as a teacher, and her management of the school has been satisfactory to the board.

WEST SCHOOL.—The Spring term was taught by Miss Carrie E. Robie, of Kensington. She is a teacher of considerable experience, having taught this school several times before. The relation between teacher and scholars was of a pleasant character. The Fall and Winter terms were taught by Miss Edith S. Brown, of this town. She has taught in our schools at different times for several years with good success, and the scholars have always made good progress while under her care.

SOUTH SCHOOL.—Miss Edna M. Hardy was again secured to teach this school to the satisfaction of all interested. If parents would take more pains to keep their children in school during school hours they would make better progress, and we would have cleaner registers.
